

## WHAT IT TAKES

*If you were going to start a camp for one week for children with cancer and other life threatening illnesses, where would you start?*

*Probably with a list — a BIG list — of everything you'd need, starting with a 25-acre site and a whole bunch of other stuff. Here's a small sampling of what it takes:*

### **FOOD FOR 200+**

- 3,000 bottles of Sparkletts bottled water**
- 1,800 bottles of juice**
- 2,400 bottles of Coke, 7-up and Root Beer**
- 300 gallons of coffee**
- 2,500 pounds of ice**
- 4,300 glasses of milk**
- 3,000 breakfast pastries**
- 300 pounds of chicken**
- 400 pounds of beef**
- 2,500 beef hot dogs**
- 3,000 eggs**
- 1,200 tomatoes**
- 750 pounds of potatoes**
- 250 pounds of grapes**
- 530 pounds of watermelon**
- 175 pounds of strawberries**
- 175 pounds of cherries**
- 300 pounds of bananas**
- 1,500 pounds of dinner rolls**
- 2,000 individual popsicles**
- 400 pounds of candy**
- 50 gallons of barbeque sauce**
- 1,000 fruit rolls**
- 2,000 individual bags of potato chips**
- 1,800 cookies**
- 1,500 brownies**
- 200 pizza's**
- 200 pounds of popcorn**
- 15,000 pats of butter**
- 30,000 napkins**
- 16,000 pieces of plastic silverware**
- 6,000 paper plates**
- 200 local community volunteers**

### **MEDICAL SUPPLIES**

- 1,200 Thermometer covers**
- 6,500 med cups**
- 1,200 Band-Aids**
- 8 gallons of alcohol**
- 425 tongue depressors**
- 100 IV bags**
- 800 syringes**
- 6,000 alcohol prep pads**
- 1,500 gauze .pads**
- 2 gallons Tylenol**
- 3,125 pages of camper medical information**

### **TECHNICAL SUPPLIES**

- More than 1 mile of electrical cabling**
- 4 generators**
- 60 gallons of diesel fuel**
- 6 golf carts**
- 4 40' trucks**
- 5 steel shipping containers**
